Rejection:
\$40/yr!

Dear Sir or Madam

Thank you for your request for a complimentary subscription to COMPUTER RETAILING Magazine.

COMPUTER RETAILING is the leading magazine in the microcomputer field. However, the complimentary distribution is restricted to those firms and individuals directly involved in the design, manufacture and selling of microcomputers, computer equipment and related supplies and products.

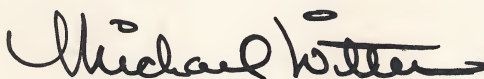

We will be pleased to enter your subscription on a paid basis at the rates stated on the lower portion of this letter.

To enter your subscription, please complete form below and return with your remittance in the appropriate amount. Your subscription will start with the next issue.

We hope that the reason you were attracted to COMPUTER RETAILING in the first place was its easy-to-read, informative tabloid format and the brisk, in-depth reporting of the microcomputer industry.

Your interest is appreciated and we look forward to the pleasure of adding your name to our monthly subscription list.

Sincerely,

Mike Witter
Editor
